Stay Informed

We know your decisions require relevant data. That's why we've created a digital Development Toolkit where market information and resources (previously found in the printed report) are published. The toolkit documents the exciting transformation occurring in Wichita's urban center. Find reports on investment, residential, office, hospitality and retail.

This information can be used as a resource for those who own, develop, market, or invest in real estate and as a reference tool for preliminary project due diligence and research.

View and download the reports at downtownwichita.org/toolkit. Information on the Downtown Wichita organization's projects and initiatives from the previous year can be found in the Annual Report.
